TABLES

Table No 01 : tbl_user_detail

Primary Key : user_id

Foreign Key :

Field Name	Type	Size	Description
user_id	Int	11	Primary key of User_details table
user_name	Varchar	200	User name
user_mobile	Bigint	200	User Mobile Number
user_password	Varchar	200	Password
user_plan_expiary_date	Date		User selected plan details
user_role	Varchar	200	To check whether user is a customer or admin
user_status	Int	11	To check whether user is available or not

Table No 02 : tbl_workout

Primary Key : pkg_id

Foreign Key :

Field Name	Type	Size	Description
pkg_id	Int	11	Primary key of user workout_ package table
pkg_name	Varchar	200	Name of the workout package
pkg_descripti on	Varchar	200	Description of the workout package
pkg_dietplan	Varchar	200	Explain about the diet follow by the user
pkg_level	Varchar	200	The user is intermediate or a beginner
pkg_status	Int	11	To check whether package is available or not

Table No 03 : tbl_activity

Primary Key : subpkg_id

Foreign Key :pkg_id

Field Name	Type	Size	Description
subpkg_id	Int	11	Primary key of Subactivity table
pkg_id	Int	11	To store Package setails
subpkg_activities	Varchar	200	To store activity details
subpkg_calorie	Int	11	To store how much calorie while doing the activity
subpkg_status	Int	11	Status

Table No 04 : tbl_user_program_joined

Primary Key : join_id

Foreign Key : pkg_id and user_id

Field Name	Type	Size	Description
Join_id	Int	11	Primary key of tbl_user_program_joined table
Pkg_id	int	11	Primary key of Workout_package table
User_id	Int	11	Primary key of User_details table
Join_date	Timesta mp		Description about the date joined by the user
Join_total_calorie_burn	Int	11	Description about the total calorie burnby user
Join_completed	Int	11	When the package is completed

Table No 05: tbl_user_dialy_activity

Primary Key : userhistoy_id

Foreign Key : join_id, pkg_id ,user_id
subpkg_id

Field Name	Type	Size	Description
userhistoy_id	Int	11	Primary key of tbl_user_dialy_activity
Join_id	Int	11	Foregin key of table user_program_joined
Pkg_id	Int	11	Foreign key of table workout_package
Subpkg_id	Int	11	Foreign key of table Dialysub_activity
User_id	Int	11	Foregin key of table user_details
Calorie	Bigint	20	Calorie burn by the user
Activity_date	Date		Activity completed date

Table No 06 : tbl_monthly_subscription_fee

Primary Key : msf_id

Foreign Key :

Field Name	Type	Size	Description
msf_id	Int	11	Primary key of monthly_subscripti on_fee
msf_rate	Bigint	20	Rate
msf_status	Int	11	Status about fees

Table No 07 : product

Primary Key : product_id

Foreign Key :

Field Name	Type	Size	Description
product_id	Int	10	Primary key of product table
product_name	Varchar	200	Product name
product_image	Varchar	200	Product image
product_rate	Bigint	20	Product Rate
product_isavaliabale	Int	11	Product is in stock or not
product_status	Int	11	Status

Table No 08 : tbl_product_order

Primary Key : order_id

Foreign Key : user_id,prd_id

Field Name	Type	Size	Description
order_id	Int	11	Primary key of TableProduct table
user_id	Int	11	Foreign key of user_details table
prd_id	Ind	11	Foreign key of product table
order_quantity	Int	11	Qunatity of the product
order_price	Int	11	Order price of the product
order_date	Date		Product order date
order_payment_status	int	11	Payment
order_status	int	11	Status
